Welcome!

To the 16th Annual North Coast Open Studios

North Coast Open Studios is an annual showcase of local artists and their art in Humboldt County. Included in this guide you will find listings for artists who are opening their studios to the public, allowing art lovers a glimpse into the creative process.

Visitors to **North Coast Open Studios** will have a rare opportunity to see what happens inside an artist's creative space. Meet the artists and see work from a broad spectrum of fine art styles, including painting, photography, printmaking, sculpture, glass, fiber, jewelry, furniture and ceramics. During this free showcase for the arts, visit mid-career and emerging artists in both traditional and non-traditional spaces. The artists will be available to discuss their creative process, display their recent works and offer works for sale.

Want more information about North Coast Open Studios?

Find more information on pages 4-5, or visit our website at **www.northcoastopenstudios.com** for interactive maps, additional images, artist information and more! Want to keep up-to-date on what is going on? Check out North Coast Open Studios on Facebook!

How to use this guide

You can use this guide a number of ways. The artist listings are arranged alphabetically by community, listed regionally from Northern Humboldt to Southern Humboldt. Browse through to discover the artists you wish to visit. Check the maps, shown with each community listing, to find studios based on location. Looking for a specific artist? Check the Alphabetical Index on page 35.

Each artist listing has general information about the artist, including an image of their work, the type of artwork they create, art categories (for the Visitor BINGO game), directions to their studio, contact information and

which weekend (or weekends) they will be open. Weekend 1 is May 31-June 1 and Weekend 2 is June 7-8. Studios are open from 11 a.m. to 5 p.m. Saturday and Sunday, unless otherwise noted.

At the end of the artist listings is a special section of artists who will not be open during either Open Studios weekend, but are **open by appointment only** year-round. Also, if you can't visit an artist during their open weekend, keep in mind that artists enjoy visitors, and most will open their studios by appointment throughout the year.

However you plan your visit to North Coast Open Studios, you will find a dazzling display of fine arts and crafts to fit all styles and budgets. Get to know your local artist and enjoy the amazing variety of art Humboldt County has to offer!

North Coast Open Studios is a free event, so there is no admission charged at any venue.

SATURDAY & SUNDAY • 11 A.M. TO 5 P.M.

MAY 31-JUNE 1 **JUNE 7-8**

'HE ARTISTS OF NORTH COAST OPEN STUDIOS invite you visit our creative work spaces during the first two weekends of June. This is a fun and free event for art lovers of all ages and serious collectors.

This self-guided treasure hunt will take you into the workshops and studios of working artists throughout the county. Each studio along the route will introduce you to artists working in a wide range of media — oils, watercolors, photography, sculpture, mixed media, fiber arts, ceramics, jewelry, metal, wood, glass and much, much more!

Whether you are a long-time attendee or a first-time visitor, you will be impressed by the incredible range of artwork available to you during your visits.

You may find a woodworker turning a bowl, an oil painter at their easel, a textile artist at the loom... You never know what you will find behind the studio door. Visitors can view art and visit with artists all in an open-house, informal environment.

his is your chance to meet the artists firsthand, explore types of work that are both familiar and new to you and support our local arts community by purchasing works directly from the artists. You can also take this opportunity to make an appointment to visit individual artists throughout the year, for an in-depth and ongoing look at their creative progress. Remember, there is no charge to the public — this is a free community event, provided by your neighborhood artists.

"Radiance," by Karen Berman Watercolor painting 37"w x 25"l framed* Value: \$875

Karen Lucchesi Berman, a North Coast resident since 1967, has had a number of local solo shows and participates in North Coast Open Studios. She has exhibited at the Morris Graves Museum of Art, First Street Gallery and one of her pieces was accepted into the 38th National Exhibition hosted by the California Watercolor Association. Her work is in numerous private and corporate collections. She is passionate about the beauty of flowers and finds that painting them "up close" makes her see their individual beauty and personality. Explorations of floral shapes are exciting because they are abstract wonders. You can visit her website at www.karenbermanartist.com.

Antoinette Magyar's first memory is of one of her mother's paintings. From the moment she saw it, her future was set. For years, she talked about what she was going to do because of that memory and took every art class she could. In August of 2011 she was involved in a triple rollover accident and walked away. As the car

flipped and flew through the air, the lightness of the open sky and darkness of the shadow that her own car was creating caused her to gain an understanding of the effect of light and shadow that she had never experienced before. Toni is grateful for the gifts of life and art, and believes she knows why she is still here. She sincerely

hopes that her paintings speak to you and that you may like one well enough to make it part of your home. Toni is the artist in residence at Westhaven Center for the Arts. More information is at westhavencenter.org.

Julia Bednar Creating art has been part of Julia's life since she was a child. Nature is her inspiration. She works in watercolor, acrylic and oil in an impressionistic or realistic style, depending on the subject. Julia serves on the Board of Directors of the Redwood Art Association and the Humboldt Arts Council and is active in several arts groups.

Elizabeth Berrien's 45+ years as a wire sculptor place her at the forefront of the contemporary wire sculpture movement. Her internationally acclaimed works are in public and private collections and site specific installations worldwide. This is her first year on the NCOS steering committee

Susan Bloch's work is exhibited and collected internationally. Her current art evolves from a long history of commissioned glass art based on clients' stories. She believes qualities of glass reveal and mirror the human spirit. By deep carving faces in glass she interprets human experience based on likenesses. Creating glass wall art, sculptures and hanging work, Susan combines glass with other media. Susan is a member of the Eureka Art and Culture Commission as well as various other public arts committees.

Tina gleave moved to Humboldt County in 1993 to attend HSU. She found her true "Art Passion" while attending a local introduction silk painting class. She is constantly challenging herself to find new, innovative silk painting techniques and push the boundaries of the ancient art. She is a member of Silk Painter's International and has studied under Master Silk Painters.

Jemima Harr has been the Executive Director-Curator of the Humboldt Arts Council and the Morris Graves Museum of Art since 2004. An Art History and Museum & Gallery Practices graduate of Humboldt State University, Harr has collaborated on and curated more than 300 exhibitions throughout California.

Yvonne Kern has been creating representational landscape paintings for over 30 years, and she is passionate about recording the rural essence of Humboldt County. Her work has been exhibited in galleries and businesses in Northern California and can be found in collections throughout the United States.

Libby Maynard is the Executive Director of The Ink People Center for the Arts and co-founder of the organization. Her artwork has been exhibited throughout California, and is in collections across the nation. Maynard is also a consultant in nonprofit management and program development, and serves on many community boards.

Kristi Patterson is the founding director of Trajectory, a career development program for emerging artists and a program of The Ink People.
